Bachelor's of Technology in Computer Science and Engineering

Dr. APJ Abdul Kalam Technical University

EDUCATION

B. TECH	2021-2025	Krishna Engineering College, Ghaziabad	6.60
CBSE (Class XII)	2021	Senior Secondary	77.8%
CBSE (Class X)	2019	Higher Secondary	78.6%

PROJECTS

1. **Portfolio Website using Front – End Development | LINK**
   - Designed and developed a responsive portfolio website showcasing projects and skills using HTML, CSS, and JavaScript.
   - Ensured cross-browser compatibility and optimized performance for faster load times. Implemented SEO best practices to increase visibility and engagement.

2. **ClimateVerse using Front – End Development and FIGMA for UI/UX | LINK**
   - ClimateVerse is a web app that calculates carbon footprint, tracks AQI, and suggests tree plantation requirements based on user data like energy use and travel habits.
   - It integrates real-time environmental data using APIs and provides personalized insights to promote eco-friendly living.
   - The app is built with HTML, CSS, and JavaScript, featuring an intuitive design created with Figma for a seamless user experience.

3. **Crypto Management Tool | LINK**
   - Developed a Crypto coin Management tool using React.js, Express.js.
   - Implemented OAuth for secure Signup and Login.
   - It integrates real-time environmental data using APIs.

4. **Notes App | LINK**
   - Developed a Notes App with features for creating and editing notes using an interactive UI.
   - Implemented functionality to make notes editable directly within the app for a seamless user experience.
   - Integrated design elements like buttons and icons for an intuitive and visually appealing interface.
